

TECHNOLOGY & INNOVATION

Journal of the National Academy of Inventors

CALL FOR PAPERS

We are currently soliciting manuscripts for issues of *Technology and Innovation (T&I)*. *T&I* presents information encompassing the entire field of applied sciences, with a focus on transformative technology and academic innovation, and welcomes manuscripts that meet the general criteria of significance and scientific excellence. We publish original articles in basic and applied research, critical reviews, surveys, opinions, commentaries, essays, and patent and book reviews of interest to our readers. **Manuscripts for general issues are accepted year-round on a rolling basis.**

Contributions on the following topics are invited:

- Advances in transformative technology and translational science
- Critical assessments of specific segments of science, engineering, medicine or other technologies
- Economics of a technology, governmental and policy action, and innovation as related to intellectual property
- Environmental (including human health) impact of various technologies
- Historical, societal, ethical, and related aspects of science, engineering, medicine, or technology
- The process of innovation and invention

If you have questions or would like to submit a manuscript, please contact T&I at tijournal@academyofinventors.org or (813) 974-1347.
